

UNSURPASSED LOCATION FOR BEAUTY AND LIFESTYLE!

If you're a physical therapist who is passionate about using your skills, you will find that DPI is a great place to practice. When you are caring for patients in our state-of-the-art facility—with its three peroxide therapy pools—

you will also discover that DPI has one of the finest patient/therapist ratios in the country. Incentive program available.

So, if you want to join a team of medical professionals who share a genuine enthusiasm for delivering cutting-edge treatment and technology then you should call me, Lynette Jamison, today. Ask me about our 9 or 12-month employment program, salary and benefits package, professional advancement opportunities, clinical development, aquatic training, mentoring, or any question you find important to securing a rich and rewarding employment opportunity.
